SHIP CONSTRUCTION MANAGER

Maritime Preservation Ltd, a leading ship repair company currently expanding into advanced shipbuilding, is seeking qualified and experienced Trinidad & Tobago Nationals to fill the position of Ship Construction Manager.

Responsibilities include:
- Supervising automated and semi-automated welding and assembly operations to ensure compliance with international shipbuilding standards.
- Overseeing advanced construction of steel vessels and modular marine structures.
- Managing computerized CNC cutting and robotic fabrication processes, modular block assembly and production line integration.
- Managing project schedules, materials, and cost control to ensure project milestones are achieved on time and within budget, while ensuring compliance with local and international HSE requirements.
- Collaborating with engineers, naval architects, and contractors to solve complex technical and logistical challenges.

Qualifications & Experience:
- Degree in Shipbuilding, Marine or Industrial Engineering (or equivalent combination of professional certifications/diplomas) and at least 6 years of proven leadership in heavy steel fabrication and marine engineering projects.
- Demonstrated experience in modern ship construction methods, including automation, CNC cutting, robotic welding, and modular assembly.
- Familiarity with international classification societies (Lloyd's, DNV, ABS) and standard shipyard practices.
- Proficiency in MS Project or other project planning tools will be an advantage.
- Fluency in English and Spanish (spoken and written) — bilingual ability will be considered a strong asset for this position.

Interested applicants are invited to submit applications and résumés to: info@trinidadshipyard.com by 28th November, 2025.
Applicants are also required to submit a copy of their application to: Chief Manpower Officer, Ministry of Labour, Small and Micro Enterprise Development, Duke Place 50–54 Duke Street, Port of Spain cmo.resumes@gov.tt
